
3D Head Reconstructions, May be placed in corners on either side of window, with a rail display (shown by dashed line) in front. Interpretive content for Excavation Research and "In Death" on rail.

Colors designate thematic areas with related content.

Each oval may represent either a graphic panel or case.

Content list for each item and priority is needed next. Some content may combine or reduce to fit budget and space.

2 stoves and 4 graphic panels are anticipated in center of room. Potentially, 4 stoves could fit - depending on sizes.

Note:
Site Dimensions Need to be Confirmed
