

APPENDIX III
1981 Artifact Catalog

ARCHEOLOGICAL SPECIMEN CATALOG
Division of Archeology, Maryland Geological Survey

Site number: 18FR320

Name of site: Catoctin

County: Frederick

Lot Number	Provenience	Description (and old number)	Date Collected	Collector and/or Donor
1	N50E5, clay on top of slag	1 salt-glazed stoneware sherd	4/29/81	
	Slag layer	1 6-1/2" x 3-1/2" x 5/8" fireback fragment 1 metal corner fragment 1 metal spike 3 whole nails 1 nail fragment 1 waste iron fragment 1 unidentifiable metal object 59 fragments of green-tinted window glass	4/29/81	
	Compact slag layer	2 pieces of sheet iron 2 metal straps fused together-hinge 2 flat metal fragments 1 whole cut nail 12 whole nails 2 nail fragments 1 waste iron fragment-slag 2 unidentifiable metal objects 1 earthenware sherd--white body and plain glaze	4/30/81	
	Compact slag layer	1 flat metal fragment 1 possible tip of spike 1 piece of wire	5/1/81 5/4/81	
2	N30 trench, dark grayish-brown clay with flecks	2 thin, cylindrical metal fragments 1 flat metal fragment--9/16" thick 1 large unidentifiable metal object--3-3/4" x 3-1/2" x 1 7/16"--has one flat surface 1 flat metal fragment--has twist at one end 1 whole cut spike 2 whole cut nails 1 redware sherd-dark glaze	4/22/81	
	N30 trench, slag layer with compacted thick lenses of charcoal	6 pieces of sheet iron 1 draw-knife--9-1/2" in length; wrought iron; has makers name "AMES" stamped on it and a touch mark 2 wedges--one is 3-3/4" in length, the other is 4-1/4" in length 3 pot fragments 1 metal strap--has hook at one end 1 possible section of pig iron--possible waste iron 1 piece of sheet iron--has one edge bent over 1 cylindrical metal fragment 1 U-shaped cylindrical metal fragment--possible tack or link	4/23/81

Collector
and/or
Donor

Lot Number	Provenience	Description (and old number)	Date Collected	Collector and/or Donor
2	N30 trench, slag layer with compacted thick lenses of charcoal	2 cut spikes; both tips are missing 2 larger spikes; both tips are missing 2 spike fragments 2 spike tips 15 whole cut nails, assorted sizes 1 nail fragment 2 waste iron fragments; one is frothy slag, other is "drip" 4 wood samples	4/23/81	
	Reddish-brown sand with patches of charcoal	1 large flat metal fragment--6-1/2" x 3-3/4" x 1/4" 1 frothy slag sample, 14" in length	4/29/81	
3	N90W10, yellow clay over dark gravel to southwest of driveway	1 metal strap--8-3/4" in length; wrought iron	5/26/81	
	Yellow clay and mixed hard gravelly clay	1 metal ring--outside diameter is 2-1/4"-- inside diameter is 1-1/2" 1 piece of sheet iron 2 wrought iron nail fragments 2 bone fragments--one is 3" in length, the other 1-1/4" in length 9 white porcelain sherds--2 bases, 1 rim, thick with a clear glaze 4 white porcelain sherds--"chinese export" 4 white earthenware sherds--clear glaze-- blue and gray stripes and squares 1 white earthenware sherd--cobalt blue transferware--clear glaze 1 white earthenware sherd--purple decoration --clear glaze 1 white earthenware sherd--molded--cobalt blue decoration--possible handle 4 white earthenware sherds--clear glaze--no decoration 12 white earthenware sherds--thick--clear glaze--no decoration--3 rims, 4 bases 3 red earthenware sherds--brown glaze 2 red earthenware sherds--dark glaze--1 rim 5 red earthenware sherds--light brown speck- led glaze (lead) 13 red earthenware sherds--no glaze--1 rim 13 fragments of green-tinted window glass	5/26/81

Lot Number	Provenience	Description (and old number)	Date Collected	Collector and/or Donor
3	Yellow clay and mixed hard gravelly clay	4 fragments of clear window glass 2 fragments of white glass button	5/26/81	
	Charcoal mixed with red shale	3 flat metal fragments 1 curved metal fragment 1 whole spike 2 nail fragments	5/28/81	
	Yellow clay with gravel	2 white earthenware sherds--green shell edged--2 rims 7 white earthenware sherds--clear glaze-- no decoration 1 red earthenware sherd--brown glaze 1 fragment of clear window glass	5/28/81	
	Purple clay	1 white earthenware sherd--clear glaze-- green decoration	5/29/81	
	Interface of dark brown gravelly clay at purple clay	1 wedge gate	5/29/81	
	Slag level	1 slag sample	5/29/81	
	"Purple" (hard packed red shale)	1 wedge gate Possible iron runners 1 unidentifiable metal fragment	6/1/81	
	Surface of red clay with some shale	1 flat metal fragment 1 whole nail	6/1/81	
	N30E5, topsoil and mixed layer	1 iron vessel fragment 1 stoneware sherd--black glaze on one side-- clear glaze on the other	4/30/81	
	Brown loam	1 piece of twisted wire 2 wood samples--painted green	4/30/81	
4	Slag in clay	8 small slag samples	4/30/81	
	Slag in clay	2 flat metal fragments 1 curved metal fragment 2 unidentifiable metal objects 1 piece of sheet iron 3 nail fragments 12 small slag samples	5/1/81

Lot Number	Provenience	Description (and old number)	Date Collected	Collector and/or Donor
4	"Hammerscale"	1 "hammerscale" sample	5/4/81	
	Red slag	1 wedge gate 1 iron bar--7" in length 1 piece of sheet iron 2 flat metal fragments 2 whole nails 1 nail fragment 1 spike fragment 1 waste iron fragment 1 unidentifiable metal object	5/4/81	
	Slag	1 slag sample	5/4/81	
	Surface of sandy clay	1 white earthenware sherd--clear glaze over blue transfer 1 white earthenware sherd--clear glaze--no decoration--base		
	Pink clay above charcoal below slag	2 nail fragments 1 spike fragments	5/4/81	
	Charcoal and slag beneath pinkish clay and shale	2 flat metal fragments 1 nail fragment 3 small slag samples 1 red earthenware sherd--brown glaze(matte)	5/5/81	
	Charcoal and slag above sandy clay	1 slag sample	5/5/81	
5	N40E15, char- coal and slag	1 wrought iron bar--4-3/4" in length 1 wrought iron rod--one end split--other end appears to have been cut or pinched when hot--6-3/4" in length 2 wrought iron rods 2 flat metal fragments 1 metal rim fragment 16 whole nails 23 nail fragments 1 waste iron fragment 2 pieces of furnace glass 13 fragments of green-tinted window glass 1 white earthenware sherd--clear glaze--no decoration 1 red earthenware sherd--dark glaze (lead)	4/27/81	
	Slag	5 whole nails 6 nail fragments 1 small slag sample	4/28/81

<u>Lot Number</u>	<u>Provenience</u>	<u>Description (and old number)</u>	<u>Date Collected</u>	<u>Collector and/or Donor</u>
5	Slag	4 fragments of green-tinted window glass 1 wood sample	4/28/81	
	Compact slag and charcoal	1 metal bolt with a four-sided nut attached to it--both bolt and nut are wrought iron --bolt is 4" in length, nut is 1-3/4" square 1 piece of sheet iron 1 nail fragment	4/28/81	
	Slag	1 nail fragment 1 white earthenware sherd--clear glaze--no decoration 2 fragments of green-tinted window glass	4/28/81	
	Slag	5 whole nails 2 nail fragments 3 waste iron fragments	5/5/81	
	Slag	1 slag sample	5/5/81	
	Silty clay in race	1 possible bearing block-conserved 2 nail fragments 2 red earthenware sherds--one has brown glaze other has clear glaze--both are rims	5/8/81	
	Clay and gravel fill in race	1 nail fragment 2 pieces of furnace glass 1 wood sample--wood has been cut at both ends--3-3/4" in length	5/11/81	
	N30E25, loose dark brown gravel	1 two-sided wrench (heads at each end), 5-1/4" in length 1 possible pig bone--humerus--5" in length	5/14/81	
6	"hammerscale" clay	1 whole cut nail 1 nail fragment 1 whole spike 1 spike fragment	5/17/81	
	Slag layer to mottled clay	1 eared lug from vessel 1 iron bar--3-1/2" in length--bar is 1-1/2" square 4 flat metal fragments 1 broken horseshoe--one half remaining 2 nail fragments 2 waste iron fragments 4 wood samples--2 samples have been cut at one end--3 samples have been charred	5/18/81 5/19/81 5/20/81

<u>Lot Number</u>	<u>Provenience</u>	<u>Description (and old number)</u>	<u>Date Collected</u>	
6	Heavy slag	1 fragment of pig iron 1 sample of cylindrical slag	5/21/81	
	Hard gray clay--fill of race	2 whole nails 6 nail fragments 1 waste iron fragment 2 fragments of green-tinted window glass	5/26/81	
7	N90E0, drive- way layer	1 metal hinge part--possible gate piece-- 7" in length 2 whole nails 2 waste iron fragments 16 white earthenware sherds--clear glaze-- no decoration 1 white earthenware sherd--clear glaze-- blue transfer 2 white earthenware sherds--clear glaze-- both sherds are refined 1 buff earthenware sherd--brown glaze with black speckles 5 red earthenware sherds--clear glaze--slip design 1 red earthenware sherd--clear glaze--no decoration (lead glaze) 5 red earthenware sherds--clear glaze--two sherds have grooves on unglazed side 2 red earthenware sherds--clear glaze with brown speckles 3 red earthenware sherds--brown glaze--1 rim 4 red earthenware sherds--dull dark glaze 2 white porcelain sherds--clear glaze--blue transfer 15 white porcelain sherds--"chinese export" 5 rims, 1 base 1 salt-glazed ironstone sherd 7 fragments of clear window glass 8 fragments of green-tinted window glass 1 fragment of green bottle glass 4 fragments of animal bone 1 possible bakelite comb		
	Charcoal over red shale	1 wedge--5-3/4" in length 1 broken sprue 2 nail fragments 1 piece of furnace glass 1 firebrick--writing on brick--"BER...PRE... FIRE..."--5" in length	5/27/81	
	Hard-packed red shale	2 wedges--one is 4" in length, other is 4-1/4" in length 1 flat metal fragment	5/28/81	

ARCHEOLOGICAL SPECIMEN CATALOG

<u>Lot Number</u>	<u>Provenience</u>	<u>Description (and old number)</u>	<u>Date Collected</u>	<u>Collector and/or Donor</u>
8	N50E25, charcoal spread above mortar and red shale	2 possible hinge straps--both are wrought iron 2 flat metal fragments 3 nail fragments	6/3/81	
	Mortar spread outside of Feature 1 to south wall	1 wrought iron object--square hole at one end--19-1/2" in length--slightly curved, skein from tar skein axle	6/3/81	
	Feature 41	3 pieces of sheet iron 1 whole nail 3 nail fragments 4 fragments of green-tinted window glass 3 fragments of clear window glass	6/11/81	
	Feature 41	1 piece of sheet iron 10 whole nails 7 nail fragments 1 spike fragment 52 fragments of green-tinted window glass 32 fragments of clear window glass 2 fragments of clear bottle glass	6/11/81	
	Charcoal above clayey mortar--south of Feature 1	2 nail fragments	6/11/81	
	Mortar or yellow clay under rocks--south of Feature 1	1 possible metal "pot stand"--"leg" is wrought iron--"body" is cast iron--leg and body are held together by 3 rivets 13 pieces of sheet iron 8 nail fragments 1 unidentifiable metal object--wrought iron 175 fragments of green-tinted window glass 35 fragments of clear window glass	6/11/81	
	Mortar layer on top of Feature 1	2 flat metal fragments 3 whole nails 5 nail fragments 152 fragments of green-tinted window glass 1 fragment of green-tinted bottle glass 49 fragments of clear window glass	6/11/81	
	Top of south-east corner of Feature 1	1 piece of copper sheeting--5" x 3"	6/12/81

<u>Lot Number</u>	<u>Provenience</u>	<u>Description (and old number)</u>	<u>Date Collected</u>	<u>Collector and/or Donor</u>
8	Loose mixed slag	2 possible metal bowl fragments 2 whole nails 2 nail fragments	6/12/81	
	Red shale outside of Feature 1	2 whole nails 1 nail fragment 1 spike fragment 1 waste iron fragment 1 fragment of clear window glass	6/12/81	
	Feature 41	1 wedge--4" in length 1 whole nail 5 nail fragments 12 fragments of green-tinted window glass 1 fragment of green-tinted bottle glass--partial neck and rim 2 fragments of clear window glass	6/12/81	
	Silty clay in race	1 large spike--18-1/2" in length--wrought iron--4 sided--rounded on top	6/19/81	
9	N40E45, red shale around rocks over mortar	1 possible metal bowl fragment 5 flat metal fragments 1 possible metal handle or chain link 1 metal leg fragment 2 waste iron fragments 4 whole nails 5 nail fragments 1 spike fragment--tip	5/28/81	
	Mortar layer under red shale	1 nail fragment 1 spike fragment--wrought iron	5/28/81	
	Brown gravel over red shale	1 nail fragment 2 white earthenware sherds--both have clear glaze--one blue-shell edge--other has no decoration	6/3/81	
	Mixed brown soil over mortar	1 wedge--5-1/4" in length 1 cast iron stove door latch 1 metal "ring" 1 unidentifiable angular metal object 3 flat metal fragments 1 piece of sheet iron 1 waste iron fragment 10 whole nails 10 nail fragments 1 leather shoe sole--heel	6/4/81

County: Frederick

<u>Lot Number</u>	<u>Provenience</u>	<u>Description (and old number)</u>	<u>Date Collected</u>	<u>Collector and/or Donor</u>
9	Charcoal and slag	1 sprue	6/4/81	
	Mortar floor	1 flat metal fragment 1 nail fragment	6/4/81	
	Mortar surface	1 whole cut nail 1 spike fragment--tip	6/5/81	
	Charcoal and slag	1 cut nail fragment	6/5/81	
	Mortar surface	1 unidentifiable metal object--possible tool fragment--parallelogram cross section 3-3/4" in length 1 whole cut nail	6/9/81	
	Charcoal and slag	2 pieces of sheet iron 2 metal vessel fragments 1 wedge--3-3/4" in length 3 sprues--2 broken, 1 restored 1 small metal hook fragment 3 whole nails 3 nail fragments 1 whole spike 2 spike fragments	6/9/81	
	Mixed slag below mortar, above wood	2 flat metal fragments--1 thick, 1 thin 1 sprue 3 whole nails 1 spike fragment 2 waste iron fragments	6/10/81	
	Mixed slag below yellow mortar, above wood	2 possible metal vessel fragments 1 flat metal fragment 2 whole nails 1 spike fragment 1 waste iron fragment	6/11/81	
10	N100W10, purple shale in "road bed"	1 piece of sheet iron 1 wrought iron mold maker's slick 2 large flat metal fragments 1 small, thin flat metal fragment, possible strap 1 whole nail 7 nail fragments 3 whole spikes 3 spike fragments 1 red earthenware sherd--brown glaze--no decoration	4/28/81

Collector
and/or
Donor

Lot Number	Provenience	Description (and old number)	Date Collected
10	N100W10 purple shale in "road bed"	1 red earthenware sherd--clear glaze--line indentation on non-glazed side 2 fragments of green-tinted window glass 2 fragments of dark green bottle glass 3 unidentifiable bone fragments	4/28/81
	Compacted mottled yellow clay with slag	1 piece of sheet iron--one edge is folded over 3 nail fragments 1 spike fragment 3 waste iron fragments 2 red earthenware sherds--coarse--clear glaze--no decoration 3 buff earthenware sherds--one has brown Rockingham-type glaze--one has brown and white banding--one has clear glaze 4 white earthenware sherds--three have clear glaze and no decoration--one has blue and green banding--rim 8 porcelain or vitreous china sherds--clear glaze--1 rim, 1 base 1 porcelain sherd--blue glaze 1 white earthenware sherd--blue pearlware glaze--no decoration 8 fragments of green-tinted window glass	4/28/81
	Red shale be- neath road, above loose gravelly layer	1 firebrick fragment--writing on brick-- "BRICK"--4 " in length	5/29/81
	Loose gravelly layer	1 unidentifiable bone fragment 1 shell fragment	5/29/81
	N50E45, brown gravelly soil above red shale	2 flat metal fragments 1 possible metal "runner" 5 nail fragments 2 spike fragments--one is wrought iron 5 waste iron fragments 1 white earthenware sherd--clear glaze--no decoration	5/27/81
11	Red shale above yellow mortar	3 metal vessel fragments 3 flat metal fragments--1 thick, 2 thin 2 sprues 3 whole nails 6 nail fragments 7 spike fragments	5/27/81

ARCHEOLOGICAL SPECIMEN CATALOG

Site number: 18FR320

Name of site: Catoctin

County: Frederick

<u>Lot Number</u>	<u>Provenience</u>	<u>Description (and old number)</u>	<u>Date Collected</u>	<u>Collector and/or Donor</u>
11	Red shale above yellow mortar	1 waste iron fragment 2 white earthenware sherds--both have clear glaze--one has blue painted embossing, the other has no decoration	5/28/81	
	Mortar surface	1 U-shaped cylindrical metal rod 2 whole nails 4 nail fragments	5/29/81	
	Mortar floor	2 whole nails	6/4/81	
	Mortar surface	2 metal vessel fragments 1 possible metal strap--wrought iron 4 nail fragments 2 spike fragments 1 waste iron fragment 1 firebrick--writing on brick--"P...FIR..." 4-3/4" in length	6/5/81	
	Mortar surface	11 metal vessel fragments--one has eared lug 1 fragment wrought iron wrench for square headed nut 1 twisted cylindrical metal rod--wrought iron 2 whole nails 1 large waste iron fragment	6/5/81	
	Top of charcoal and slag	4 metal vessel fragments 1 wedge--4" in length 1 cast iron flask clamp--10" in length--two perpendicular sides to main body are 3-1/4" in length--object is rectangular in cross-section 1 nail fragment 2 waste iron fragments	6/5/81	
	Charcoal and slag	1 possible metal cold chisel--wrought iron 5-1/2" in length 1 metal fragment with edging--possible fire-back or stove plate 1 unidentifiable thin metal fragment 3 unidentifiable metal objects--one is thin and curved--one is flat, thin, and 2-3/4" in length--third is square in cross-section at one end and rectangular at the other--wrought iron and 3-1/2" in length 1 whole nail 1 possible cut nail--wrought iron	6/9/81	

ARCHEOLOGICAL SPECIMEN CATALOG
Division of Archeology, Maryland Geological Survey

Site number: 18FR320

Name of site: Catoctin

County: Frederick

<u>Lot Number</u>	<u>Provenience</u>	<u>Description (and old number)</u>	<u>Date Collected</u>	<u>Collector and/or Donor</u>
11	Charcoal and slag	1 bolt--square head--3" in length 1 spike fragment	6/9/81	
	Charcoal and slag	1 charcoal sample	6/9/81	
	Charcoal and slag	1 slag sample	6/9/81	
	Slag over silty clay in race	1 piece of bar iron--8-1/2" in length--wrought iron 2 firebrick fragments--both about 4" in length--writing on bricks--"BE...PI...FIRI..." "S...OF..."	6/18/81	
	Silty clay in race	1 possible metal vessel fragment 51 red earthenware sherds--17 have brown glaze, 1 base--11 have black glaze, glaze is thick--8 have brown and thick black glaze, 2 bases--15 are unglazed 1 white earthenware sherd--clear glaze--no decoration 2 fragments of green bottle glass--1 base which has a pointil scar is free blown--possible rectangular bottle	6/24/81	
	Slag over silty clay in race	1 metal vessel handle 2 wedge gates 1 small metal bar 1 possible pig fragment 1 cast iron object--L-shaped, 2 broken ends and 1 rounded end, gagger or core mold support 1 whole nail 1 whole spike--bent, wrought iron	6/18/81	
12	N60W5 overburden	1 possible broken sprue--5-1/2" in length 1 wood sample from possible posthole	5/18/81	
	Red shale	1 stoneware sherd--blue painted--gray salt-glazed--possible jug handle	5/19/81	
	Brown gravelly soil with slag brick and charcoal	2 metal straps--both are wrought iron--one is "folded" on itself to form a circular shape--one is roughly L-shaped 4 pieces of sheet iron 3 unidentifiable metal objects--one is wrought iron 1 cylindrical metal rod--4-1/2" in length	5/19/81	

ARCHEOLOGICAL SPECIMEN CATALOG
Division of Archeology, Maryland Geological Survey

Site number: 18FR320

Name of site: Catoctin

County: Frederick

Lot Number	Provenience	Description (and old number)	Date Collected	Collector and/or Donor
12	Brown gravelly soil with slag, brick and charcoal	1 spike fragment--wrought iron 2 waste iron fragments 1 white earthenware sherd--clear glaze--no decoration	5/19/81	
	Clay level	2 metal straps--both are wrought iron--one is "folded" on itself at one end, 5-1/4" in length--one is circular in shape, outside diameter is 2", inside diameter is 1-3/4" 1 wedge--5-1/4" in length 1 unidentifiable metal object--flat on one side and rounded on the other--2-3/4" in length 1 spike fragment--wrought iron 1 waste iron fragment 1 red earthenware sherd--brown glaze--base	5/19/81 5/20/81	
	Clay with slag and charcoal	2 wedge gates 1 possible horseshoe fragment 1 spike--wrought iron	5/20/81	
	Red gravel	2 flat metal fragments--1 thick, 1 thin 2 possible metal handle fragments--one is triangular in cross section--one resembles a parallelogram in cross-section	5/20/81	
	Charcoal	2 large flat metal fragments	5/21/81	
	Charcoal below red gravel above slag	1 broken wedge--2-1/4" in length 1 metal file--4-3/4" in length 4 flat metal fragments 1 firebrick fragment--2-3/4" in length--glazed	5/21/81	
	Slag layer	1 piece of sheet iron 1 flat metal fragment 1 red earthenware sherd--brown glaze (lead)	5/21/81 5/22/81	
	Hard-packed	1 metal bar--3-1/4" in length--square in cross section 1 wrought iron object--6" in length--"paddle shaped" mold-maker's slick	5/22/81	
	Hard-packed red shale	1 large waste iron fragment	6/10/81	

ARCHEOLOGICAL SPECIMEN CATALOG
Division of Archeology, Maryland Geological Survey

Site number: 18FR320

Name of site: Catoctin

County: Frederick

<u>Lot Number</u>	<u>Provenience</u>	<u>Description (and old number)</u>	<u>Date Collected</u>	<u>Collector and/or Donor</u>
13	N30E15, slag layer	1 sprue 1 metal file--4-1/2" in length--wrought iron 2 flat metal fragments--one has edging 2 whole nails 2 nail fragments 1 possible spike fragment--wrought iron 2 waste iron fragments 1 piece of furnace glass	4/22/81	
	Gray-green clay with possible hammerslag	1 nail fragment	4/23/81	
	Slag layer	1 metal bar--wrought iron--11-1/2" in length square in cross section 1 metal leg--3" in length--triangular in cross section 1 large metal nut--2-1/2" x 2-1/2" square--threaded object broken off through center hold 3 flat metal fragments--2 have edging 1 possible metal strap 1 cast iron object--stove door plate and latch 3 spike fragments--2 are wrought iron 6 waste iron fragments	4/23/81	
	Slag layer	1 metal bar--4-1/4" in length--trapezoidal in cross section 1 horseshoe fragment 8 flat metal fragments--3 have rims--one has metal cylindrical rod extending from it 1 whole nail 3 nail fragments 2 waste iron fragments 1 red earthenware sherd--brown glaze--line indentation on non-glazed side	4/23/81	
	Slag layer	2 unidentifiable metal objects--one is three sided--2 sides are straight, 1 is rounded 3-1/2" in length, roughly triangular in cross section--one is roughly wedge shaped, 4 flat sides, 4-3/4" in length	4/28/81	
14	N50E25 mortar floor of Feature 1	4 flat metal fragments--1 has rim--1 thick, 3 thin 2 nail fragments	5/29/81	

ARCHEOLOGICAL SPECIMEN CATALOG
Division of Archeology, Maryland Geological Survey

Site number: 18FR320

Name of site: Catoctin

County: Frederick

Lot Number	Provenience	Description (and old number)	Date Collected	Collector and/or Donor
14	N50E25, mortar floor of Feature 1	1 firebrick fragment--no writing 10 red earthenware sherds--all have brown glaze--5 decorated rims--2 have line indentations on non-glazed side 18 fragments of green-tinted window glass	5/29/81	
	Charcoal surface outside of Feature 1	2 pieces of sheet iron 2 unidentifiable metal objects--both are wrought iron--one is flat and rectangular in cross section 1 whole nail 7 nail fragments 1 spike fragments 2 waste iron fragments 33 fragments of green-tinted window glass	5/29/81	
	Dark gravelly clayey fill	1 whole nail 2 nail fragments 129 fragments of green-tinted window glass 38 fragments of clear window glass	6/3/81	
	Feature 41	1 large, thick, flat metal fragment--possible fireback 1 cylindrical metal rod--"O-shaped"--possible link--wrought iron 1 possible shutter pintle--wrought iron 10 whole nails 13 nail fragments 1 large spike fragment 13 fragments of green-tinted window glass	6/10/81	
	Slag and charcoal above and with stone over race	1 whole nail 1 nail fragment	6/17/81	
	Clay in race	2 wood samples (in 2 bags)	6/18/81	
	Silty clay	1 leather strap 1 wood sample	6/19/81	
15	N50E15, floor of Feature 1--yellow-brown sandy clay	8 pieces of sheet iron 4 whole nails 12 nail fragments 21 waste iron fragments--one covered with mortar 1 mortar sample--lime and sand mixture 2 shell fragments 6 red earthenware sherds--brown glaze--1 sherd has line indentation on non-glazed side	5/7/81

Donor

Lot Number	Provenience	Description (and old number)	Date Collected	Collector and/or Donor
15	N50E15, floor of Feature 1-- yellow-brown sandy clay	19 fragments of green-tinted window glass	5/7/81	
	Black clay with brown gravel below	1 unidentifiable metal object--7" in length wrought iron--roughly shaped like a knife 7 whole nails 13 nail fragments 4 waste iron fragments 1 fragment of green-tinted window glass	5/7/81	
	Mixed charcoal with slag and brown gravelly soil	5 pieces of sheet iron 2 unidentifiable metal fragments--one is wrought iron and 4-1/4" in length--one is square in cross section and 2-1/4" in length 1 nail fragment 1 waste iron fragment	5/7/81	
	Slag layer	1 slag sample--very compact	5/7/81	
	Compact slag layer	1 possible metal handle--wrought iron--4-1/2" in length 2 whole nails 1 waste iron fragment 1 stoneware sherd, salt-glazed		
	Reddish-brown clayey soil beneath slag and stone	1 unidentifiable metal fragment--has screw or nail hole and rectangular notch 1 whole spike	7/1/81	
16	N40E25, char- coal and brown loam	1 waste iron fragment 8 fragments of green-tinted window glass 1 fragment of clear bottle glass	5/14/81	
	Reddish layer between "hammer- scale" and charcoal and brown loam	1 possible metal vessel fragment 10 whole nails 3 nail fragments 3 spike fragments 1 possible spike fragment--wrought iron 1 shell fragment 5 fragments of green-tinted window glass 1 waste iron fragment	5/14/81	
	Charcoal- stained reddish soil over slag	1 nail fragment 2 spike fragments	5/17/81	

ARCHEOLOGICAL SPECIMEN CATALOG
Division of Archeology, Maryland Geological Survey

Site number: 18FR320

Name of site: Catoctin

County: Frederick

<u>Lot Number</u>	<u>Provenience</u>	<u>Description (and old number)</u>	<u>Date Collected</u>	<u>Collector and/or Donor</u>
16	Red shale, brown loam, charcoal, and pink clay--all above hard-packed slag	1 piece of sheet iron	5/18/81	
		2 cylindrical metal rods--both are wrought iron	5/19/81	
		1 flat metal fragment		
		2 possible metal vessel fragments		
		1 unidentifiable metal object--3-1/2" in length--triangular in cross section--pronounced grooving present		
		5 whole nails		
		6 nail fragments		
		1 clay pipe stem fragment		
		1 fragment of clear window glass		
	Compact slag-charcoal in northwest corner	1 wedge--5" in length--wrought iron	5/20/81	
		2 whole nails		
	Slag with gray clay at base	3 nail fragments	5/21/81	
		1 waste iron fragment		
17	Charcoal, loam, slag, and red gravel	1 fragment of green-tinted window glass		
		2 whole nails	5/21/81	
	Gray clay	3 nail fragments		
		1 large cast iron metal object--has handle and rounded wrought iron knob--probable casting flask fragment	5/21/81	
	Gray clay in race	2 nail fragments		
		2 waste iron fragments		
	Gray clay in race	1 spike fragment	5/22/81	
		1 whole spike	5/28/81	
	Gray clay in race	1 red earthenware sherd--one side has clear glaze--one side has white slip design and clear glaze, causing it to appear black and yellow		
		1 piece of leather		
	Gray clay in race	6 whole nails	5/27/81	
		3 nail fragments		
	Gray clay in race	2 wood samples (in 2 bags)	5/27/81	
	N90E10 red shale	1 sprue	6/1/81	
	Dark brown gravelly soil	1 unidentifiable metal fragment--irregular shape		
		2 possible metal vessel fragments	6/2/81	
		1 cold chisel--2-3/4" in length		
		1 mortar sample--lime and sand mixture

19	Top of mortar	1 metal nut--1-3/4" square--hole diameter is 3/4"	6/2/81	
		1 metal vessel fragment		
		1 metal strap		
		1 large metal bar--square in cross section, 5" in length		
		2 unidentifiable metal fragments		
		1 nail fragment		
		3 waste iron fragments		
	Top of mortar	1 metal bar--rectangular in cross section at one end--trapezoid in cross section at the other end--possible handle--6-3/4" in length	6/4/81	
		2 nail fragments		
	Top of charcoal and slag	6 metal vessel fragments--one has rim and handle	6/5/81	
		8 flat metal fragments--one is very large and one has a semi-circular notch		
		4 nail fragments--2 are wrought iron		
		3 waste iron fragments		
	Red shale above yellow mortar	1 large metal bar--wrought iron--rectangular in cross section--10-3/4" in length	6/10/81	
	Mixed slag below yellow mortar	1 piece of sheet iron	6/10/81	
		1 metal bar fragment--wrought iron		
		1 possible metal brace--wrought iron--shape is rectangular--has three holes--two of the holes are for screws (1 screw is still present)		
		2 unidentifiable metal objects--one is large and thick		
		3 whole nails		
		1 nail fragment		
		1 whole spike		
	Wood chip layer	5 whole nails	6/10/81	
	Wood chip layer	1 flat metal fragment	6/11/81	
		2 metal bar fragments		
		1 metal strip--folded on itself to form a circular shape		
		2 whole nails		
		1 nail fragment		
		1 waste iron fragment

	N30E15	1 wood sample	5/8/81	
	N50E25	2 wood samples--one has wooden peg	6/18/81	
	N110W10, 10 YR 3/2, very dark grayish-brown gravelly loam with brick and charcoal	1 whole nail 4 nail fragments 23 waste iron fragments 1 mortar sample--lime and sand mixture 1 red earthenware sherd--brown glaze--no decoration 2 fragments of green bottle glass 1 piece of furnace glass	4/21/81	
	5 YR 3/2, dark reddish-brown sandy loam with slag and charcoal	1 metal vessel fragment	4/21/81	

ARCHEOLOGICAL SPECIMEN CATALOG

Site number: 18FR320

Name of site: Catoctin

County: Frederick

<u>Lot Number</u>	<u>Provenience</u>	<u>Description (and old number)</u>	<u>Date Collected</u>	<u>Collector and/or Donor</u>
34	5 YR 3/2, dark reddish-brown sandy loam with slag and charcoal	1 piece of sheet iron 1 flat metal fragment 4 whole nails 4 nail fragments 13 waste iron fragments 3 pieces of furnace glass	4/22/81	
35	N80E35, recent slag fill below yellow sandy clay	2 shutter pintle fragments 1 metal vessel leg--triangular in cross section 1 piece of sheet iron 1 metal strap 1 metal rod--cylindrical--wrought iron 2 metal bars--both are wrought iron--one is small and bent over on itself--one is slightly curved 1 unidentifiable metal fragment--slightly curved--rounded on one end 10 whole nails 1 nail fragment 1 whole spike--wrought iron 14 white earthenware sherds--clear glaze--no decoration--5 are severely stained--5 rims--2 bases 1 buff earthenware sherd--clear lead glaze--green painted design 2 fragments of clear bottle glass--one is base and 2 sides of a bottle 1 fragment of a clear glass object--base and handle present 2 fragments of green-tinted window glass 4 fragments of aqua bottle glass 1 fragment of green bottle glass 2 fragments of brown bottle glass 2 pieces of rubber	6/24/81	
	Interface of yellow clay and recent slag fill	1 metal gutter support 1 metal spoon handle--initials on handle either "EL" or "ET" 1 whole nail 1 white earthenware sherd--clear glaze--no decoration 6 fragments of clear bottle glass--1 base 5 fragments of aqua bottle glass--2 bases 21 fragments of brown bottle glass--1 neck and rim--1 base	6/24/81	
	Red shale beneath twentieth century slag	1 unidentifiable flat metal fragment 2 pieces of a tin can--one has can opener holes in it	6/25/81	

ARCHEOLOGICAL SPECIMEN CATALOG

Site number: 18FR320

Name of site: Catoctin

County: Frederick

<u>Lot Number</u>	<u>Provenience</u>	<u>Description (and old number)</u>	<u>Date Collected</u>	<u>Collector and/or Donor</u>
35	Red shale beneath twentieth century slag	1 porcelain sherd--clear glaze--rim--raised decoration around rim 4 fragments of brown bottle glass--1 base	6/25/81	
	Light brown soft loamy soil beneath twentieth century slag	1 possible sprue 1 horseshoe fragment 2 unidentifiable metal fragments 1 fragment of green-tinted window glass 5 fragments of aqua bottle glass--2 bases--1 neck and rim 1 whole "BROMO-SELTZER" bottle--dark blue--additional writing-- "EMERSON DRUG CO. BALTIMORE"--number "10" on bottle base 1 fragment of green bottle glass 2 fragments of brown bottle glass 1 piece of rubber	6/25/81	
	Charcoal and slag below light brown loam	1 wedge--3-1/4" in length 1 metal bar--rectangular in cross section--7" in length 1 metal hook--possible flask hook--has "pivot" still attached to it at one end 3 possible metal vessel fragments 1 unidentifiable metal object--6-1/2" in length 1 nail fragment 3 waste iron fragments	6/25/81	
	Charcoal and slag under medium brown loamy soil	1 metal runner from casting multiple number of objects 3 possible metal vessel fragments 2 metal rods--cylindrical 1 metal bar--triangular in cross section 1 metal strap--one end comes to a point--curved 1 piece of sheet iron--cut to form two perpendicular sides 5 flat metal fragments 3 unidentifiable metal fragments--one is a rectangular-shaped object with one notched side--one is trapezoidal in cross section 3 whole nails--1 large 3 nail fragments 2 spike fragments 9 waste iron fragments 1 red earthenware sherd--brown glaze--no decoration	6/29/81

County: Frederick

<u>Lot Number</u>	<u>Provenience</u>	<u>Description (and old number)</u>	<u>Date Collected</u>	<u>Collector and/or Donor</u>
35	Reddish-brown clay with slag beneath charcoal and slag	2 metal vessel fragments--one is possible base 1 flat metal fragment 1 whole nail 4 waste iron fragments 2 red earthenware sherds--dark opaque glaze--no decoration	6/30/81	
	Yellow-brown mortar surface south of stone wall	1 flat metal fragment 1 whole nail 2 nail fragments 1 spike fragment--wrought iron 2 waste iron fragments	7/1/81	
	Reddish-brown clayey soil with some slag overlying light brown thin mortar surface south of stone wall	2 unidentifiable metal fragments--one is roughly triangular in shape--one is slightly curved 1 nail fragment	7/1/81	
	Reddish-brown clay beneath mortar surface south of stone wall	2 possible metal vessel fragments 3 flat metal fragments 1 unidentifiable metal fragment 3 nail fragments 1 spike fragment 8 waste iron fragments	7/2/81	
36	N70E10, brown gravelly soil beneath yellow-brown and above purple shale	1 metal strap--3-3/4" in length 1 spike fragment	6/16/81	
	Purple shale with charcoal	2 sprue fragments 1 flat metal fragment 2 pieces of wire--one folded on itself 9 whole nails 2 nail fragments 1 whole spike 2 spike fragments 2 waste iron fragments	6/16/81

Name of site: Catoctin

County: Frederick

<u>Lot Number</u>	<u>Provenience</u>	<u>Description (and old number)</u>	<u>Date Collected</u>	<u>Collector and/or Donor</u>
36	Purple shale above charcoal	1 possible metal vessel fragment 1 whole nail 1 nail fragment 1 spike fragment 1 waste iron fragment 1 white earthenware sherd--clear glaze--no decoration	6/17/81	
	Slag and charcoal beneath purple shale above red clayey shale	1 sprue 1 possible metal vessel fragment 3 nail fragments 2 pieces of slag--both have brick impressions on them 1 unidentifiable object--possible slag--has possible flow lines--5-1/2" in length	6/17/81	
	Charcoal and slag over red clay/shale	1 flat metal fragment 1 small metal bar--wrought iron--5-3/4" in length 1 unidentifiable metal fragment--roughly triangular in shape	6/18/81	
	Charcoal and slag over red clay	1 unidentifiable metal fragment 2 spike fragments	6/19/81	
	Red clayey soil with small amount of shale below charcoal and slag	1 metal handle 6 metal vessel fragments 1 unidentifiable metal fragment	6/25/81	
	Top surface of red clayey soil beneath charcoal	2 wedge gates 1 possible metal handle--small, cylindrical and slightly curved 2 possible metal vessel fragments 1 metal "blob"--wrought iron 1 white earthenware sherd--clear glaze--no decoration--possible rim	6/29/81	
	Red clayey soil in narrow test trench along north side of square	1 metal vessel fragment	6/29/81
